

Camilla Bianca

Game Programmer

I'm a Game Programmer with experience on Unity and Unreal Engine titles. I worked at Miniclip on Golf Battle, and I'm currently developing in Unreal Engine at One-O-One Games. With a Master's degree in Computer Engineering, I chose to turn my passion for video games into a career, driven by the will to contribute to solid, meaningful gaming experiences.

Work Experience

Game Programmer **UNREAL** May 2026 → present
[One-O-One Games](#) · Rome, Italia

- Developed gameplay, UI, and tech animation systems from scratch.
- Reverse-engineered existing systems to support the development of new features.
