

# Camilla Bianca

## Game Programmer

I'm a Game Programmer with experience on published titles and personal projects. I worked at Miniclip on Golf Battle (Unity), and I'm currently developing in Unreal Engine at One-O-One Games. With a Master's degree in Computer Engineering, I turned my passion for video games into a career, driven by the will to contribute to engaging, meaningful gaming experiences.

## Work Experience

Game Programmer **UNREAL** May 2026 → present

One-O-One Games ↗ · Rome, Italy

- Developed in Unreal Engine (C++/Blueprint) for several of the studio's games.
- Implemented gameplay, UI, and tech animation systems from scratch.
- Reverse-engineered existing functionality to extend it.

Game Programmer **UNITY** Sep 2024 → May 2026

Miniclip ↗ · Genoa, Italy

- Developed in Unity (C#) for the mobile multiplayer video game **Golf Battle** ↗
- Programmed gameplay mechanics, minigames, UI, and new features.
- Debugged and optimized the overall gameplay experience.
- Implemented automated tests to ensure game quality and stability.

Game Programmer **UNREAL** Dec 2023 → May 2024

Red Hog Studio ↗ · Rome, Italy

- Developed in Unreal Engine (C++/Blueprint) for the video game **Project ReMind** ↗
- Implemented gameplay and UI systems.
- Created cinematic sequences.
- Carried out testing and wrote detailed documentation.

Functional Analyst Oct 2021 → Nov 2022

Leonardo ↗ · Rome, Italy

- Analyzed requirements, performed testing, and wrote documentation.
- Coordinated communication between the client and the development team.

Microsoft CRM Developer May 2020 → Sep 2021

Cluster Reply ↗ · Rome, Italy

- Developed custom logic in C# and JavaScript.
- Managed Microsoft CRM platforms (Dynamics 365 and Power Platform).
